

As you know, nature hates a vacuum. The rumor mill says the Thursday emergency meeting was called but that Sharon, Maggie and Janet were invited at the last minute. In the communication today (Ranch House [ranchhouseaz@gmail.com]) it sounds like Maggie and company retaliated with Bill and Gary.

This has become about PEOPLE. Kala vs. Maggie. Dirty Tricks. This is wrong. This is NOT about Maggie or Kala. It's about the welfare of our Community.

I appeal to you to seek compromise in a professional manner. I spoke with Maggie and I feel she is not able to do that.

Compromise, a clear plan, and respect will win the day. Any further negative responses, like the whining communication today – will only lose more respect. Tell us your plan for keeping it open while it loses money. Tell us your must haves in any sale. Tell us how to move forward.

Address the Community and be factual and transparent. Please. I know you can.

Steve
